Question #1: What is the purpose of this form?

Answer: To comply with 2 CFR 200.430(i), the Cost Sharing Effort Certification supports the university's system of internal controls to provide reasonable assurance that cost sharing effort is accurate, allowable and properly allocated to an award.

Question #2: Should I print out the form and sign it?

Answer: No. Instead of manually signing the form, the Principal Investigator will electronically certify by clicking on the "Certify" button. Also, instead of separate certifications per award, all of the PI's awards will be certified on one form.

Question #3: Where did the data come from?

Answer: For the past year, your Fiscal Administrator has been inputting the cost sharing data for your awards.

Question #4: None of us were paid from the award. Was a salary transfer made without our knowledge?

Answer: Consistent with the university's cost sharing practices, actual salary was not transferred. The form summarizes the inputted data that indicates a portion of your salary paid with state or non-federal funds that was cost shared to the award. The Source Account field identifies the account that was charged for your actual salary.

Question #5: Who do I contact if I have questions?

Answer: If you have questions about the cost share figures, please contact your Fiscal Administrator. If you have questions about the electronic form, please email compliance@ors.hawaii.edu.
