NOAA Administrative Standard Award Conditions

On September 14, 2010 the Office of Management And Budget issued interim final guidance to agencies to establish requirements for Federal financial assistance applicants, recipients, and subrecipients that are necessary for the implementation of the Federal Funding Accountability and Transparency Act of 2006, hereafter referred to as “the Transparency Act” or “the Act”. This interim final guidance provided standard wording for an award term that each agency must include in grant and cooperative agreement awards it makes on or after October 1, 2010, to require recipients to report information about first-tier subawards and executive compensation under only those awards. This implementation of the requirement for reporting of subawards and executive compensation under Federal assistance awards parallels the implementation for subcontracts and executive compensation under Federal procurement contracts, which is in the Federal Acquisition Regulation. This is a new requirement and the language is located in section D of these Administrative Standard Award Conditions.

As you may know, during the Federal Government’s Fiscal Year 2006, NOAA implemented NOAA Grants Online. Grants Online is a premier Federal solution for full life-cycle grants management processing. Grants Online allows recipients to: Accept awards electronically, manage user roles for individuals within their organization, submit post-award action requests, financial reports, and performance/progress reports. Grants Online operates in a web environment, and can be accessed anywhere at any time, provided that you have Internet access. You will be required to use an Internet browser to log in and to use Grants Online. Internet Explorer is the preferred browser for PC users; FireFox is the preferred browser for MAC users. No software is required for installation. Logins and passwords are required. If you do not have a password, you can contact the Grants Online Help Desk for assistance in obtaining your login credentials.

For more information, e-mail GrantsOnline.HelpDesk@noaa.gov or call the Help Desk at 301-444-2112 or toll free at 1-877-662-2478 between the hours of 8:00 a.m. and 6:00 p.m. Eastern Time Monday through Friday excluding Federal holidays.

E. Post Award Action Requests for Non-Construction Awards

All Post Award Action requests must be completed in Grants Online. NOAA Grants Online provides the ability for Recipients to submit the different Award Action Requests. Each request is described below with specific guidance.

General Guidance and NOAA Business Rules

- NOAA requires all Award Action Requests to be approved by a “Recipient Authorized Representative.” Grants Online enforces this business rule by routing all requests through the Recipient Authorized Representative(s) for submission to NOAA.

- An Award End Date may ONLY be extended through:
  - A funded amendment through an application (SF-424)
  - A No-Cost Extension - Prior Approval Waived (Research Terms and Conditions)
  - A No-Cost Extension - Prior Approval Required

- The Extension to Closeout is the only Award Action Request that may be initiated after the Award End Date.
  - An Extension to Closeout may only be requested within the 90-day closeout period (90 days after the award end date). The closeout period can be extended only once for a maximum of 60 days.

- A No-Cost Extension - Prior Approval Waived (Research Terms and Conditions) must be submitted to NOAA 10 or more days prior to the award end date.
  - Grants Online automatically enforces this business rule.

- A No-Cost Extension - Prior Approval Required is required to be submitted to NOAA 30 or more days prior to the award end date.
  - Recipients that are allowed Prior Approval Waived (Research Terms and Conditions) must exercise this no-cost extension, before requesting a no-cost extension Prior Approval Required.
  - Grants Online does not enforce this business rule. Enforcement is at the discretion of the Grants Officer.

- The "Other" Award Action Request may or may not produce an amendment. Use this Award Action Request if you have a request that does not fit under any other category. Please work
NOAA Administrative Standard Award Conditions

with your Federal Program Officer to determine if you should submit the "Other" Award Action Request. In a few cases, the recipient will not have to submit an “Other” Award Action Request. An email request from the recipient to the Federal Program Officer, and the approval of the content of that email by the Program Officer, who in turn, submits it to the Grants Officer is sufficient. The approval of the request ultimately lies with the Grants Officer. This email request and attendant correspondence is always attached to the Grants File as evidence of the transaction.
